

## Angle Polishers

# UPC 2-R

# UPH 2-R

### Technical data

Type	Order No.	Speed min <sup>-1</sup>	Voltage	Power input	max.wheel ø	Weight kg
UPC 2-R	111 313 00	1 000 – 2 000	230V/50Hz	600 W	125mm	1,650
UPH 2-R	111 249	700 – 2 200	230V/50Hz	1200 W	150mm	2,890

### Applications

Polisher for light sanding and polishing work on cars, furniture and restoration shops for paint removal. A fine selection of foam and sponge pads, lambs wool bonnets, PSA and standard sandpaper, and nylon brushes are available.

### Fully insulated single phase motor

- Digital electronics with soft-start
- Specially developed for metal construction
- Overload protection and speed stabilisation
- Variable speed selector from 1 000 to 2 000 min<sup>-1</sup>
- Warning light when carbon brushes are worn: LED (at the back of the black case) lights up as soon as the carbon brushes need changing.
